March 24, 2020

Dear Healthcare Provider,

The COVID-19 pandemic is affecting us all in many ways, both personally and professionally. We at Sun Pharmaceuticals are thinking of you and all of the healthcare providers who are on the front lines of patient care, especially during this very difficult time. We also want to provide reassurance that we are doing everything possible to protect our employees and our healthcare providers, as well as to ensure that we can continue to deliver our medicines to your patients.

The health and well-being of our employees is a top priority. As such, two weeks ago, we asked all of our office and field-based colleagues to work remotely until further notice. Your Sun Pharma sales and field medical representatives will be in touch with you to check in and see if you need any assistance. In the meanwhile, please reach out to your main Sun Pharma point of contact with any immediate questions or concerns. They are available and accessible at any time via phone or email. Our medical information department is also available to answer your questions. You can reach them at **833-SUN-INFO (833-786-4636)** or email [med.infoUSA@sunpharma.com](mailto:med.infoUSA@sunpharma.com)

In addition, our marketing teams for our branded products – ILUMYATM (tildrakizumab-asmn); YONSA® (abiraterone acetate); ODOMZO® (sonidegib); LEVULAN® KERASTICK® (aminolevulinic acid HCl) + BLU-U®; HALOG® (Halcinonide, USP) 0.1%; ULTRAVATE® (halobetasol propionate Lotion, 0.05%; ABSORICA LD™ (isotretinoin); CEQUATM (cyclosporine ophthalmic solution) 0.09%; BROMSITE® (bromfenac ophthalmic solution) 0.075%; XELPROS® (latanoprost ophthalmic emulsion) 0.005%; KAPSPARGO Sprinkle™ (metoprolol succinate) extended- release capsules; EZALLOR Sprinkle™ (rosuvastatin) capsules; and DRIZALMA Sprinkle™ (duloxetine delayed-release capsules) – are working towards ensuring that all resources are easily available should you or your staff require any additional product specific information.

Thank you for your continued collaboration in this unprecedented situation. Please be assured that my team and I here at Sun Pharmaceuticals are committed to providing the highest level of support you and your staff may require when providing the best possible care to your patients.

Sincerely,

**Abhay Gandhi**

CEO

Sun Pharmaceutical Industries, Inc.,
